

## Other Young Professional Resources

<a href="#">Young Professional Webpage</a>	<p>Find out more about the benefits of SPE Young Professional (YP) membership, which allows you to stay active in the industry or learn how to get ahead. You can explore the education and networking opportunities tailored to your interests.</p>
<a href="#">Young Members Video Library</a>	<p>This collection of video resources for learning and development for students and YPs includes topics ranging from career advice and personal skills to industry training and more.</p>
<a href="#">Get involved with your SPE section</a>	<p>SPE has sections located around the world that provide an operating framework for society activities. This page lists all SPE sections so you can find one in your region.</p>
<a href="#">SPE's PetroWiki</a>	<p>Created from the seven-volume <i>Petroleum Engineering Handbook (PEH)</i> published by the Society of Petroleum Engineers (SPE), PetroWiki preserves <i>PEH</i> content in unaltered form, while allowing SPE's membership to update and expand content from the published version.</p>
<a href="#">YP Network—SPE Connect</a>	<p>SPE Connect provides an online community for you to meet with other members worldwide. You can collaborate with them, discuss specific technical challenges and resolutions, or share your experience and knowledge. This dedicated community for young professionals (YPs) allows you to network with your peers across the globe.</p>
<a href="#">OnePetro</a> <a href="#">Technical Papers and Libraries</a>	<p>OnePetro is a unique library of technical documents and journal articles serving the oil and gas exploration and production industry.</p>
<a href="#">JPT® Magazine Subscriptions</a> <span style="color: red;">1949 to Present</span>	<p>The <i>Journal of Petroleum Technology</i>® magazine, SPE's flagship publication, presents authoritative briefs and features on E&amp;P technology advancements, oil and gas industry issues, and news about SPE and its members.</p>
<a href="#">SPE Training Courses</a>	<p>From instructor-led courses to online learning, our training programs help professionals improve their expertise and stay up to date on the best practices in a dynamic industry.</p>
<a href="#">Webinars</a>	<p>SPE offers a program of live webinars and recorded sessions. Join our industry experts as they explore solutions to real problems and discuss trending topics.</p>
<a href="#">Distinguished Lecturers</a>	<p>Each year, SPE selects a group of professionals, nominated by their peers, to share their knowledge and expertise with SPE members through visits to local sections. Enhance your knowledge by hearing experts in their field.</p>
<a href="#">The Ambassador Lecturer Program</a>	<p>Take the opportunity to visit a local school or university to share your excitement on being part of the energy industry and provide students with a glimpse into career opportunities and cutting-edge technologies.</p>
<a href="#">Global Jobs Page</a>	<p>Responding to the recent downturn in the oil and gas industry, SPE launched a free, global jobs page for its members, connecting them with more than 10,000 upstream opportunities. Formed as a collaboration with Oilpro.com, this online resource allows SPE members to search and link to job offerings directly from SPE's website.</p>
