

SPE Student Resources

<p style="text-align: center;">Student Webpage</p>	<p>Find out more about the benefits of SPE student membership. Page includes further links to education and career resources, membership information, information on how to apply for scholarships, and how to find an SPE chapter in your area.</p>
<p style="text-align: center;">Young Members Video Library</p>	<p>This collection of video resources for learning and development for students and YPs includes topics ranging from career advice and personal skills to industry training and more.</p>
<p style="text-align: center;">Get Involved With Your Chapter</p>	<p>Student chapters are located around the world and provide an operating framework for society activities at a university level. Student members elect officers annually. Each SPE chapter is sponsored by an SPE section.</p>
<p style="text-align: center;">Glossary of Industry Terminology</p>	<p>Hosted on the PetroWiki website, SPE's glossary is a living, growing list of important E&P terms.</p>
<p style="text-align: center;">Industry Statistics</p>	<p>This resource list of industry statistics identifies some of the most-referenced sources of information on various topics related to the E&P industry.</p>
<p style="text-align: center;">Competency Matrices for Graduating</p>	<p>Competency matrices are guidelines used to determine the minimum aptitude levels for petroleum engineers and to establish future industry standards.</p>
<p style="text-align: center;">Petroleum Career Choices</p>	<p>Hosted on the energy4me® website, this list compiles energy, engineering, and geology career choices available. It provides an overview of the skills needed and career opportunities available, as well other tips and resources.</p>
<p style="text-align: center;">Schlumberger Oilfield Glossary</p>	<p>This resource provides an instant reference to oilfield terminology.</p>
<p style="text-align: center;">SPE's PetroWiki</p>	<p>Created from the seven-volume <i>Petroleum Engineering Handbook (PEH)</i> published by the Society of Petroleum Engineers (SPE), PetroWiki preserves <i>PEH</i> content in unaltered form, while allowing SPE's membership to update and expand content from the published version.</p>
<p style="text-align: center;">Student Network—SPE Connect</p>	<p>SPE Connect provides an online community for students to meet with other members worldwide. You can collaborate with them, discuss specific technical challenges and resolutions, or share your experience and knowledge. This dedicated community for students allows you to network with your peers across the globe.</p>
<p style="text-align: center;">The Ambassador Lecturer Program</p>	<p>Request a Young Professional to visit your school or university to share their excitement on being part of the energy industry and provide you with a glimpse into career opportunities and cutting-edge technologies.</p>
<p style="text-align: center;">Global Jobs Page</p>	<p>Responding to the recent downturn in the oil and gas industry, SPE launched a free, global jobs page for its members, connecting them with more than 10,000 upstream opportunities. Formed as a collaboration with Oilpro.com, this online resource allows SPE members to search and link to job offerings directly from SPE's website.</p>
<p style="text-align: center;">Webinars</p>	<p>SPE offers a program of live webinars and recorded sessions. Join our industry experts as they explore solutions to real problems and discuss trending topics.</p>
